

Low-Carbon Procurement in Practice

GPP 2020: Results and room for replication

19 April 2016

Espai Catalunya Europa

Brussels

- see how low-carbon procurement works in practice
- engage with the GPP 2020 purchasing bodies on their real tender experiences having saved hundred-thousands tons of CO₂
- learn from the GPP 2020 national support partners about long lasting, successful support structures for the further implementation and mainstreaming of GPP in Member States

Low-carbon public procurement shows tangible results in the fight against climate change, saving hundreds of thousands of tonnes in CO₂e emissions across Europe. Partners in the GPP 2020 project have jointly developed tools and resources.

At this conference GPP 2020 partners want to share their ideas and achievements with other public authorities. You can gain insights from those who are taking the lead across Europe in low-carbon public purchases for supplies (e.g. ICT and Vehicles), services (e.g. mobility services and Energy Performance Contracting) and works (e.g. road infrastructure).

This afternoon seminar offers participants the opportunity to explore how public procurement can best be used as a strategic tool to mitigate climate change. Through a series of informal discussions with GPP 2020 partners, we are offering practical support, invaluable resources and a place to share ideas.

2

Programme

Tue 19 April 2016

12.00 Registration

12.30 Network lunch

13.30 Welcome

N.N., Representative of Espai Catalunya Europa

Reflections on GPP 2020 from EASME and news on the 2017 call on public procurement of innovation

Olav Luyckx, European Commission, Executive Agency for Small and Medium-sized Enterprises (EASME)

GPP under the EU public procurement framework – a policy analysis with a particular focus on climate change mitigation

Jacek Truszczyński, European Commission, DG ENER, tbc

Impact and mainstreaming – low-carbon procurement in practice

Philipp Tepper, GPP 2020 Project Coordinator, ICLEI – Local Governments for Sustainability

Logistical break (10')

14.30 **Market Stalls: Low-carbon procurement experiences made**

Participants can explore at small tables (market stalls) what GPP 2020 partners and associates have worked on during the three years of the project. Partners also present what permanent support structures are now available.

- Training materials and experiences: Paula Trindade, LNEG, Portugal, Alenka Burja, Umanotera, Slovenia
- Calculating energy, CO2 and financial savings: Angelika Tisch, IFZ, Austria
- Embedding long term support actions for SPP. Examples from the Venice Region among other: Livia Mazzà, Ecosistemi, Italy, N.N. Venice Region
- Low-carbon tenders on services: Lidia Caparelli, Consip, Italy, tbc
- Low-carbon tenders on products: Jelena Kremenjas, UNDP Croatia
- Low-carbon tenders on works: Jeroen van Alphen, RWS, The Netherlands, tbc, N.N., State Property Agency, Italy
- Tender Models ready for replication: Simon Clement, ICLEI

15.00-16.00

Tea/coffee and refreshments will be served continuously

15.45

Market Stalls: Mainstreaming low-carbon procurement

What are ongoing support structures available across Europe? How did GPP 2020 help to mainstream GPP in Member States?

- GPP 2020 action in Italy and Portugal (Paula Trindade, LNEG, Livia Mazzà, Ecosistemi)
- GPP 2020 action in Spain and The Netherlands (Maria José Sarrias, Ministry of Territory and Sustainability, Antoinet Smiths, RVO, The Netherlands, tbc)
- GPP 2020 action in Croatia and Slovenia (Jelena Kremenjas, UNDP Croatia, Alenka Burja, Umanotera, Slovenia, tbc)
- GPP 2020 in action in Austria and Germany (Jasmin Berghammer, BBG, Angelika Tisch, IFZ, Martin Wünnemann, BeschA/KNB, Germany, tbc)
- What are the GPP 2020 plans for the future? Philipp Tepper, ICLEI

16.45

Outlook on low-carbon procurement and closing – Philipp Tepper,
GPP 2020 Project Coordinator, ICLEI – Local Governments for Sustainability

17.00

End of the event

Registration

Participation in the event is free of charge, but early registration is required to reserve your seat. Registration closes 08 April 2016. Please, note that you are responsible for your own travel and accommodation arrangements. Please use our online registration form: <https://docs.google.com/a/iclei.org/forms/d/1oK-wYBqU-vdbB9Oz3E6zn8hbDy--Ljp6juqjgkX6FCc/viewform>

Venue

Espai Catalunya Europa, Rue de la loi/ Wetstraat, 227, 1040 Brussels, [website](#)

Travel and accommodation

About GPP 2020

GPP 2020 aims to mainstream low-carbon procurement across Europe in support of the EU's goals to achieve a 20% reduction in greenhouse gas emissions, a 20% increase in the share of renewable energy and a 20% increase in energy efficiency by 2020.

To this end, GPP 2020 will implement more than 100 low-carbon tenders, which will directly result in substantial CO₂ savings. Moreover, GPP 2020 is running a capacity building programme that includes trainings and exchange. – www.gpp2020.eu
